<b>LOA/Length Overall:</b>	7.57
<b>Engine:</b>	Yamaha
<b>Power (HP):</b>	250 - 300hp
<b>Fuel:</b>	Petrol

### Description

## Chaparral SunCoast 250

Chaparral 250 SunCoast Packing up to 300hp from a Yamaha Outboard Engine. The 250 SunCoast Blends the Look and Luxury of a Traditional Bowrider with Outboard Power. By far the widest bow entry point in our 2015 fleet, the 250 SunCoast features a forward compartment with flush mount latches, an easy-access ladder and an anchor cradle. Because the deck tapers very little moving aft, the bow area is the widest and roomiest you'll ever find on a 25-footer. Don't look now but four adults and a child or two could sit in the bow with legroom to spare. Twin stainless steel drink holders per side, enormous storage areas and top-mounted rails highlight the family-sized bow area. A table with side-mounts in the bow and cockpit is standard. Uniquely styled and incredibly practical, the 250's walkaround swim platform is the 250's most revolutionary feature. The innovative platform integrates the engine into the overall hull profile creating a look that's far more stylish and sleeker than rival outboard offerings. The walkaround platform makes it easy to transition side to side and getting on and off the dock is a breeze. An optional mat ensures sure footing and adds a high class eye catching accent, a ski pylon is also optional. A standard telescopic boarding ladder with dedicated storage makes getting back on board a breeze.

### Key Features
